we Believe in Summer!

It's never too early to start planning for summer. **Riverside Summer Camp 2017** is right around the corner! We're excited to announce the start of our newly designed thematic summer programs, just for Dwight preschool students. Preschool students can choose among a two-week, three-week, or five-week camp based on their "spark" and personal preference. Our new camps balance children's needs for creative outlets and physical activity with outdoor time and science. Camp runs from **June 19-July 27,** from 8:30 am-12:30 pm.

Igniting the Spark of Genius in Every Camper

Riverside Summer Camp Programs embrace the same philosophy as Dwight School, which customizes the experience for each student based on individual interests and passions. We call this igniting the "spark of genius" in every child. Through a wide range of age-appropriate programs — including our specialty "spark" camps — children can explore, discover what they enjoy doing, and pursue that passion while also making friends and having fun.

Dwight is committed to developing the whole child — mind and body — and we believe that camp provides a crucial opportunity for kids to focus on activities they can't get to in the classroom.
